JONES' CONGRESSIONAL RECORD.

On the local page is published the showing made by Hon. Geo. S Nixon against Senator John P. Jones.

The charges made are only so far as concerns the S-nators official record in Washington and are of such a character as to command more than a passing glance. They are printed in the APPEAL to give the widest possible range to a discussion of a matter of the most vital importance to the people of Nevada.

The people of this State have a right to a full explanation from Senator Jones in answer to the showing made by Mr. Nixon. The assertions made by the Silver State come under three heads: That Sen itor Jones has been absent from the post of duty more than two thirds of his time. That he has distributed the patronage to which Nevada is entitled to outside States. That his home and family are in Los Angeles county California, where he pays taxes on nearly two millions of dollars and ownes over 40.000 acres of land, while he pays no taxes in Nevada and owns no land

In the "contest the Legislature will be called on to weigh in the balance the past services of Senator Jones for the silver cause and the chargesmade publicaly by Mr. Nixon. It is urged by the adherents of the Senator that there is no man in the world who has as profound a knowledge of the financial question as Senator Jones has, and that his researches and speeches have absolutely placed him at the head of the school of monetary science, which has for the basic principles of its teachings the adoption of the double standard in providing a JACOB KLEIN President believe that anyone can successfully refute this claim.

It is also asserted, and with much force, that the defeat of Jones will be looked upon in the East as a repudiation of the bimetallic creed by the people of the State of Nevada, and be a blow to bimetallism all over the world; also that the National Committee fearing such a result of Jones defeat will take a hand in the fight and bring every possible force to bear to return Jones to the U. S. Senate. Taking all these matters into considation the members of the coming legislature will have some very preplexing problems to face.

A New Law Needed

This State needs some law regulating the conduct of pardoned convicts. When they leave the penitentiary they should be made to understand that they are given a chance to reform. A few days ago a man named O'Keef was pardoned out, and the next day he celebrated his liberty by trying to clean out Steamboat Springs. He had to be knocked in the head with a crow bar. There should be a law to the effect that a pardoned convict who commits an overt act, within one year of his pardon, should be sentenced to go back to the prison and finish his

A law of this kind would be an effective check on the disposition of some of the men pardoned to celebrate the event too hisriously.

The defeat of Hon. Sam Shortridge for Senator of California shows the ingratitude of parties. The Call made a telling fight for the Republican ticket during the last campaign and the party owed it some consideration, but seemed in no hurry to pay the debt.

Sehatorial Rumors.

The latest Senatorial gossip is that Skaggs, of Elko has declared himself against Jones, and that the friends of Judge Fitzgerald of Elko, will come in presenting his claims for the Senatorship. Also that A. C. Cleveland has secured four votes and will come into the fight. It seems to be a cold day now when some new Senatorial candidate dosn't come to the front.

There is considerable excitement over the finding of some rich gold bearing quartz about five miles from Glenbrook. Several claims have been staked out and samples of the ore went to Virginia City yesterday for

The House Committee on Public Buildings and Grounds has reported favorably on a \$50,000. Government building for Reno.

Nixon was yesterday reported as out of the Senatorial fight, but the arrival of the Silver State of Tuesday dispelled the rumor.
